Program: ACT {Assertive Community Team}

Title: Substance Use Disorder Specialist

Salary \$: Full Time with a Competitive & Comprehensive Benefits Package

DUTIES AND RESPONSIBILITIES:

Adoption of the ACT Philosophy of Care:

ACT (Assertive Community Treatment) is the leading evidenced based practice for providing services to persons with severe and persistent mental illness which may include co-occurring substance use disorders. The heart of ACT is a collaborative TEAM approach of providing care to clients where it is needed, in the community. ACT is a shift from traditional community based treatments and case management models. In ACT, the team, as a whole, is responsible for providing whatever is needed to assist clients in their recovery from mental illness. Members of the ACT team will need to adopt the ACT philosophy of care to ensure the success of the program and improved quality of life for our clients.

INTERACTIONS: with clients are therapeutic and advance the goals set forth in the ITP.

- ACT is field-based position and requires at least 80% of services to be provided to consumers in their homes, shelters, places of employment, vocational and education settings and other community settings.
- CPST services not limited to helping with applications, assistance with ADLs, accompanying to appointments and community events, collaborating with family and significant others, and other services as necessary for the welfare of the ACT client.
- Provide 24-hour emergency and crisis intervention response on rotating, on-call basis

JUDGMENTS: made about clients or activities on clients' behalf are client/family-centered and appropriate both to the individuals' functioning and the agency's risk tolerance standards.

- Decisions pertaining to clients' need for additional services, resources or more restrictive settings.
- Appropriate choice of interventions and techniques.

- Pursues collateral contacts to gather additional psychosocial information, when indicated. Utilizes supervision and/or consultation to mitigate risk and seek input regarding challenging circumstances.

DOCUMENTATION: is clinically accurate and substantive; is completed in a timely manner, per agency policy. Documentation provides sufficient narrative regarding psychosocial information to aid in delivery of services and to communicate the progress of the client.

- Completes documentation of progress notes, Individual Treatment Plans and intakes, as needed.
- Conforms to ACT program, OHMHAS, CARF, CWRU, and third-party payer standards and obligations.
- Productivity is achieved by submission of progress notes/billing logs. Productivity is defined as documented activity divided by hours paid. Must meet productivity expectations as one indicator of ability to adequately perform job duties.

INTERACTIONS WITH ESSENTIAL OTHERS: are constructive and serve to advance the progress in treatment, the quality of care and the agency's standing in the community.

- Attendance and participation in daily ACT team meeting. Will work collaboratively with the interdisciplinary ACT team to provide comprehensive care and service to ACT clients.
- Communicates effectively with other service providers throughout the agency, clients' families and significant others, and with concerned members of the community.
- Markets referral sources and maintains high level of customer service/ satisfaction.

COMMITMENT TO HIGH QUALITY CARE:

- Participates actively and productively in agency meetings and supervision sessions.
- Introduces and/or implements new ideas for improving the quality of care.
- Attentive/responsive to feedback from clients, significant others, community partners/members.
- Shares skills, knowledge, expertise with other agency staff (consultations, workshops, team meeting).
- Advances own level of skill and competency through participation in continuing education opportunities.

Substance Use Disorder Specialist:

- Assess SUD and Stage of Change with dually-diagnosed clients. Make choice of treatment modalities, interventions, and techniques based upon need and stage of readiness.
- Provide individual substance abuse counseling in both formal and informal formats, utilizing a stage-wise treatment model that is non-confrontational, follows behavioral principles, considers interactions of mental illness and substance abuse, and has gradual expectations of abstinence. Lead dual-disorder treatment groups, including choosing and implementing curriculum.
